Dear Edith:-

I received your
dear long looked for letter and
was more than glad to hear
from you I thought you had
forgotten me.

So my dear you need
not worry about my mail
being tampered with, for it
comes straight to Athens and is
put in the Peter Hall box and
Mrs Chapman goes and unboxes
it and brings it and distributes
it immediately, and Pa is for

away from Athens and I never
 have seen him but once and
 that was the day I came. To
 you can write anything you
 want to. ^{Best} I received
 a photo of him taken in his
 uniform and a letter on the back
 of a postcard, and I think it
 splendid of him, am so glad to
 have it, and would be delighted to
 have yours, although I brought quite
 a few of my photos with me our
 group, your picture with the curly hair,
 that ribbon photo holder, that plate with
 postage stamps, the toilet case, several
 pretty calendars, but we are not
 allowed to put on fire in the note
 but I put up several things it is
 all right dear that you did not

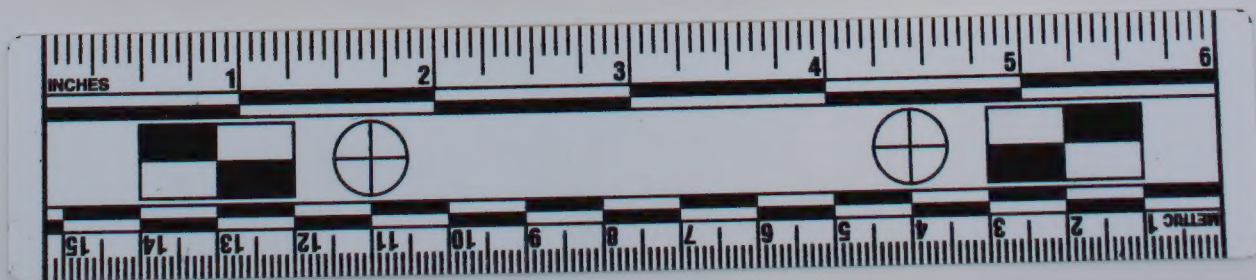

send me anything for my room
or to wear, for I guess I got a plenty
for present. I may only be here
one term that is three months.

Yes it is piano lessons I am taking
two per week, of Prof. Parlow. and
just yesterday my beautiful horse
burnt down and lost all and
some other horses burned to, and the
wind was blowing a hurricane
they was afraid whole Athens would
go. I am also taking Elocution
of Prof. Peake he is fine and with
it includes, grammar, philosophy,
and I have been told that Prof. P.
will teach you more than all of
the rest of the Prof's put together
and I believe it to. he has taken
a great interest in me and

he has spoke to several Profs. about
 me, that I would make such a
 success at it and the first time
 he said he ever saw me and had
 a conversation with me he wished
 he had me and that in a year
 he would have me graduate and
 a fine position for me, and etc,
 but I cannot make the progress
 in music, & Latin if I only
 had them alone. but the faculty
 requires you to take time aside from
 them, and it makes me so
 vexed for I only want them two
 and I wrote Pa & K. so to and
 I may go to another school yet.
 O. With before I forget it why

Did you write to Mr. Fox?
I can't imagine why you should
do so and it has worried me
not because I am jealous, for I
wrote him that if he went to Pitts
to the races in Oct to be sure and
call on you I gave him your
add. and he wrote and said he
would if he went. I want you
to write me immediately and tell
me all you wrote him, for I am
anxious. Please. I guess I
told you of his coming down here
about the 15 of Oct on his way
to Friday on his wheels, and he
said he was going to stop as long

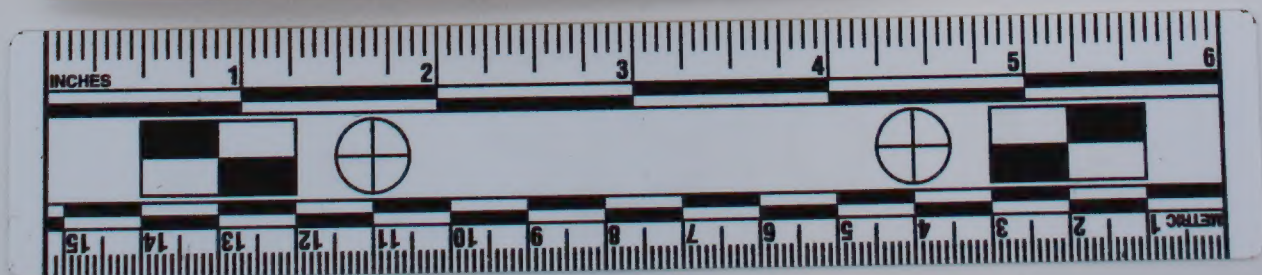

6
as he choosed for this time was, the
own. did I not tell you? be
careful Elie dont say anything
about his & mine friendship in
any way whatever, his address
Cleveland Wheel Club.

Pa keeps me in pen money
he sent me \$5.00 to furnish & paying
the dear \$4.00 was for him and the
other for myself. and one week ago
he sent me \$2.00 for myself. I
send out my washing & ironing to
a colored woman every two weeks
she does it for 25¢. Elie when
Chas comes here I dont want
him to come to Athens for I am
afraid he would find it out about
it being Peters, Hanes and that
the girls have to wash some, so I wrote

him & told him I was going down
to Chattanooga on a Friday night
and return Monday morning and
perhaps we could meet there at the
same time. it is only a few
hours ride and I am going to
do it and I am afraid Pa
won't send me money to go
but I am going to ask for it.
wouldn't you?

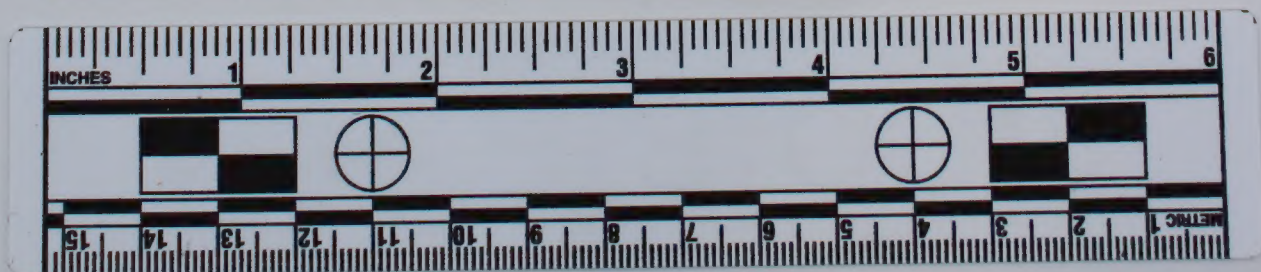

We have had extremely warm
weather or hot sun since I came
here and not a bit of rain.
but yesterday it turned suddenly
cold something very uncommon for
down here they say. and not a
bit of butter is to be found in
town so we have not had any for
two days; there is 6 large tables

in our large dining room set in
silver ware & snow white table clothes
and I guess we have plenty to eat.

We have to have our work all done
here on Saturday by 10 O'clock and
last Saturday afternoon they had
a social for the students of
our College for the young men
& ladies to get acquainted. There are
certain evenings set aside for the
gent to call on their lady friends
at their hall.

A week ago Saturday Mrs. C
took us 40 Gals out to a large
dairy east of Athens about 1 mile
north of it went in the afternoon
about 2 O'clock and each one took
their glass & spoon and can tread

and while bread was taken in
abundance in one big basket
and we had I don't know how
many gallons of sweet milk &
butter milk but we all had all
we could possibly drink, and
we had butter and fatty food,
we were in misery we ate & drank
so much it was a large grove or
woods to and a spring there to
the water is, boiling & bubbling
all the time but as cold as ice.
we got home just in time to
go to a entertainment given by
my Southern teacher Prof. Drake
it was grand.

I am the only Ohio

girl or student here and every boy
on the or in the College knows me
I am not easily flattered but I
receive a great many compliments.
I just received one from a lawyer
this evening asking his sister
to ask me if I would not accept
an introduction and etc,

Will my dear now
write me at least once
a week and often if you
can but answer this
immediately about C. M.
Your loving sister.
K... & Jannie.
